INBRE (IDeA Network of Biomedical Research Excellence) an award to the University of Idaho from the National Institute of General Medical Sciences Grant # P20GM103408

IdahoINBRE
IDeA Network of Biomedical Research Excellence

Providing every interested and capable Idaho student and faculty the opportunity to pursue biomedical research or education.

FACULTY DEVELOPMENT

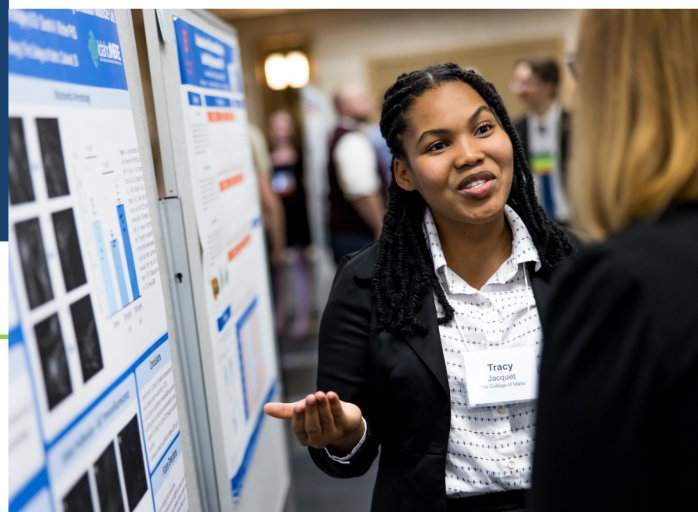

- Faculty mentoring
- Access to Data Science facilities/training
- Assistance in grant and manuscript writing
- Collaborative & interdisciplinary research
- Seminars
- Scientific Conferences
- Monthly Networking

STUDENT OPPORTUNITIES

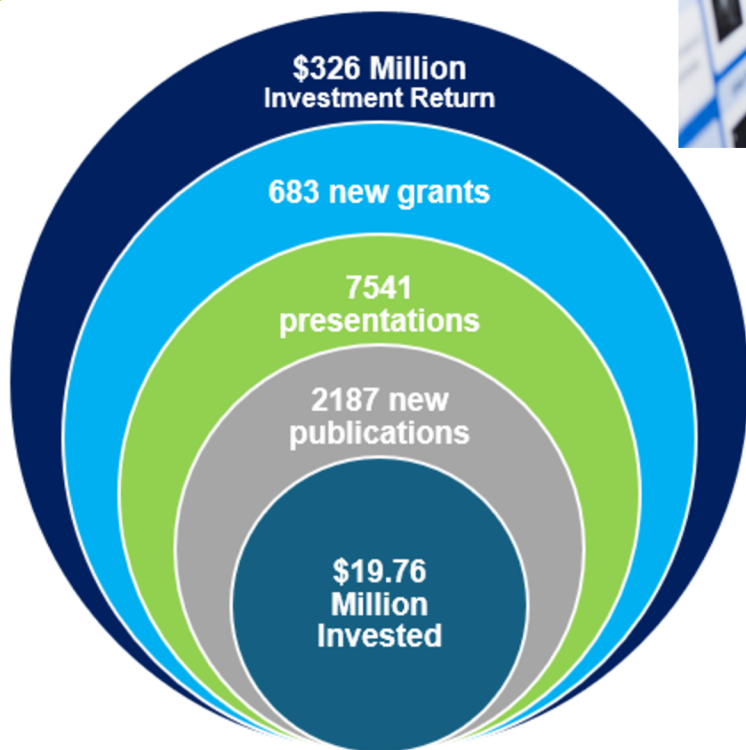

- Post-doctoral fellowships
- Graduate student funding
- Undergraduate research:
 - Summer & Academic Year
 - Industry Interns
 - Research in AK, HI, MT, NM, NV, WY

INFRASTRUCTURE BUILDING

- Data Science CORES
 - Genomics
 - Proteomics
 - Metabolomics
 - Community engagement
 - Imaging
 - Computational Biology
 - Biostatistics

INPUTS & OUTCOMES

Pipeline to Research Careers
